

5/81

There's no newsletter this month. "Fearless Leader" has gone east to fight dragons. Greg left here last Friday on a two week crusade to fight the desk-dragons at NASM, Smithsonian, and ?. He left sword and lance, but took 80 rolls of film so we expect him to return with some fine trophies.

Our regular monthly meeting will be this Saturday (16 May) at the same time and same place. This is a contest month so bring models.

Also, we'll be looking for volunteers to help with the June convention, and please cooperate by being willing to offer services for short periods.

(Next month's newsletter -- the Junkers Jumo-engined Bede!)
