NEXT MEETING: SATURDAY, February 19

The February meeting will host a demonstration on underhood wiring and hoses, made from masking tape, by Bob Doran. Dave Balcer will make it to this meeting with his slides of the Navy's best! If time permits, I will demonstrate how to put vinyl roofs on most any car models.

Something that we haven't seen for a while . . . very many people bringing kits to work on at the meetings. I would like to encourage all of you to bring your latest project to work on and maybe say a few words about it, then field questions from the rest of us. We did this a few times before and everyone seemed to enjoy it, so let's try it again!

February Meeting Schedule:

- 10:00 a.m. - Doors open. Bring your models, lunch, etc. and B _ _ _ _ S _ _ _ _ until
- 11:30 a.m. - Show and Tell
- 12:15 or so - Short Business Meeting
- 12:20 p.m. - Begin Demonstrations and end with Dave Balcer's slides at 1:00 or 1:30.
- 1:30 p.m. - B.S. and model building until the last person leaves!

Last Meeting: We had a terrific turnout at our "Model-of-the-Year" Meeting. Better than 40 members showed, bringing some 50 or more models --- a real good display of aircraft, ships, automotive and the miscellaneous category, which included all other types of models. Following is the list of winners in each category followed last, but not least, by the "Model-of-Year" winners:

- Autos and Trucks
 - First Bob Doran Ford TMSA
 - Second Chris Rohde Ford TMSA

STEVE LEWIS

NOTICES and MISCELLANEOUS

The Office of Air Force History is going to publish a history of airpower in the U.S., covering the seventy-five year period of powered military flight. Any one having photos pertaining to U.S. Air Force historical events or aircraft and is interested in this project, please contact: Lawrence J. Paszek, Senior Editor, Office of Air Force History, Bldg. 5681, Bolling AFB, Washington, DC 20332 - Phone (202) 767-4548.

Wanted to Borrow: Microscale re-issue, Douglas F4D-1 Skyraz, of old Allyn kit. Need it just long enough to make a copy of the instruction sheet and the decal sheet on a copy machine. Will protect it with my life! Earl Otto, 6638 South Wapato St., Tacoma 98409 Phone 475-1398.
