NEXT MEETING: SATURDAY, March 19

Last meeting was nice: A few people brought models to work on, some people brought built models to show --- it was an interesting cross-section of modeling factions. Our slide person was unable to attend the meeting, however, he will show them to us when he gets back in town.

Next meeting -- March 19 --- SWAP/SELL/TRADE MEETING. This is the month for everyone to bring their kits to sell. So let's see some of those moldy suckers out there!

A 5¢ charge will be collected for every kit that comes through the door. This will help defray the cost of extra rent at the center.

Also, it's a contest month; so let's bring in all those beauties that you've been burning midnight oil on lately. Don't forget about the special airliner category with a prize sponsored by Roger Sawyer!

Membership Dues have been coming in at a decent rate, but we are a little short of 'all paid up'. We will be collecting dues up to and including, the next meeting. The new roster will be in the April newsletter and anyone not paid up by then will not receive a newsletter. If for some reason you can't come to the meeting, please send your check to Scott Taylor or myself at these addresses:

Special tour of McChord A.F.B. will be on March 12, Saturday, at 10:00 a.m. Tom Foote got this one for us. Twenty people can go on this tour, which will include a two-hour rundown on the William Tell Air Maneuvers, with slides and a speaker. Following will be a "106" and "T-33" for us to inspect, photograph or whatever we like. As of now, there are about five people going --- Anybody else? Call me at 821-1262.

I made a mistake!  In the model-of-the-year contest, I had Larry Baldwin as third place in the 1/72 A/C category, when it should have been Tim Estes. Sorry, Tim!

The National Convention in Arizona has solicited a trophy package from us. As in years past, we decided, at the board meeting, to get the same plan as last year for \$50.
