

IPMS SEATTLE

UPCOMING EVENTS

January: Model of the Year

Bring in all models built in 1984 for Consideration.

The will be a junior class.

February: Pentahalon

INTERNATIONAL PLASTIC MODELERS' SOCIETY

Bob Doran, President Scott Taylor, Treasurer Terry D. Moore, Editor

PRESIDENT'S COLUMN

For the January Meeting, please bring all Models built during 1984 for the model of the year contest. All models will be awarded place ribbons, overall best model will be picked by fellow modelers. There will be a junior class for model of the year also.

The December meeting had a few models, but there was a terrific turnout of modelers tools including some very interesting items. Thank you for the ideas guys! (Wes, I will bring your small file to the next meeting). We had to meet upstairs in December, but our January Meeting will be downstairs in our regular meeting room.

Thanks to Carl Kietzke for the cookies.

Congratulations to all IPMS members who placed in the West Seattle Speedway & Hobby Model Contest.

Due to the lack of models for bi-monthly contests, we are discontinuing them for the time being. If you have finished models, please continue to bring them in to give the rest of us a chance to praise them. Also, please continue to bring models in to work on.

DOOR PRIZE WINNERS

Nov: Steve McKinnon, Matt Hargreaves

Dec: Doug Remington, Carl Kietzke, Sean McKinnon, Steve McKinnon, Wes Moore, John Greer

WANTS/DISPOSALS

John Greer wants: Up to 6 Airfix Stirling, Halifax, or Sunderland engines and cowlings. Also, old Airfix Lancaster engines and props (2 needed).

If you have anything to dispose of or are looking for parts or kits, let us know and we will run it in the newsletter.

DUES

Dues are due at the next 3 meetings for 1985. \$7 per person and \$5 for junior or associate members. The April newsletter will go only to paid members. The roster will appear at that time, also.

Coming Soon to the Museum of Flight

The story of aviation in China and Japan is the cornerstone of the Pacific Rim exhibits planned for the Museum of Flight. Due to be completed early next year, the Asian Early Flight exhibit will include the story of China's and Japan's first aviators and the construction of some of the first airplanes in those countries in the 1920s and 1930s. The museum staff has

been ably assisted in curating this exhibit by Mrs. Renee (Lym) Robertson, Jimmy Elder, the late Frank Der Yuen, Mrs. Chun Lee, Marilyn Phipps and Peter M. Bowers. Models for the display have been donated through auspices of Mrs. Robertson from aviation enthusiasts in the People's Republic of China and Japan.
